GOVERNMENT OF MYSORE,
General and Revenue Departments.

SIR,

I have the honor to submit herewith a nominal Roll of officers and men of the Mysore Police who have been taken over by Mr. Wilkieson on his assuming the Police Jurisdiction of the Railway. It will be seen that 2 Inspectors of the 4th class, 2 Sergeants, 3 Duffedars and 85 Constables have been selected and taken over by Mr. Wilkieson. A few of these belonged to the District Police Establishment.

2. I submit another nominal list of officers and men who have not been so taken over and for whom provision will have to be made. They are:—

1 Chief Constable on Rs 50/-

1. Sergeant on Rs 12/-
3. 1st class Constables at Rs 8/- 3
10. 2nd class Constables at Rs 7/-
37. 3rd class Constables at Rs 6/-

3. The Chief Constable is Mr. Everard of the Kolar Gold Fields Railway Police. He may be taken on as one of the 2 European Constables required at the Gold Fields, for which application has already been made to Government.

This may be done. The paper returned to Mysore Government

4. There are 50 Constables and 1 Sergeant and I would request sometime to allot them to districts as an addition to the existing staff. I have asked the District officers to submit carefully considered proposals of their most urgent requirements, on receipt of which I will submit proposals as to how these men should be distributed.

5. Meanwhile, I have directed the men to report themselves for duty at the nearest Taluk Station within the limits of which they were hitherto working on the Railway line. The surplus men of the Kolar Gold Fields Railway Police have been told off to work in the Kolar Gold Fields.

I have the honor to be,
Sir
Your most obedient Servant,

Madhavarao
Inspector General of Police

FROM

To

SIR,

With reference to Government Proceedings Camp No. 268-9 dated 9th May 1896, directing that 50 men of the Railway Police thrown out on the transfer of the Railway jurisdiction may be treated as supernumeraries until provided for, I have the honor to state that all the Districts have sent in proposals for the additional men urgently required by them. Their proposals are well considered and only provide for their minimum requirements. But with all reductions made, the total additional number required by the Districts× is 257.

× Bangalore has not sent in a statement up to this moment.

2. Even if the full complement employed on the Railway previous to transfer of jurisdiction were available, it would not suffice to meet the demand for additional Police made by the Districts. It is desirable that, instead of frittering away

away the men on our hands at the rate of a few additional Constables to each District, the requirements of one or two should be fully met.

5

3. I have after a full consideration of the relative urgency of the different Districts, decided to recommend the 50 men now available being assigned to the Malnad Districts of Kadur and Hassan where, owing to the difficult nature of the Country and the necessity for effective measures being adopted for prevention of Coffee stealing and for keeping order among the turbulent classes of Coffee Coolies, outposts within easy reach are found to be necessary.

Vide copy of Deputy Commissioner's letter No. 357 dated 26-4-96, with statement in original.

4. The Deputy Commissioner of Kadur has sent in proposals for establishing 15 outposts and at the rate of 3 men for each outpost, he wants 45 Constables on the whole. The Superintendent of Police of Hassan similarly wants 6 outposts and 18 men.

Vide copy of statement enclosed.

5. I have seen almost all the localities where the Deputy Commissioner of Kadur and the Assistant Superintendent wish to establish outposts. I entirely agree with them regarding the necessity of each of these localities being duly protected, but as the total number available is only 50 and as the requirements of the Hassan Coffee tracts are equally exigent, I would propose that 35 out of the men available be assigned to Kadur and the remaining 15 to Hassan, leaving it to the respective Deputy Commissioners to distribute the men among the outposts in the way that may appear most suitable to them.

6. I

6. I beg that early orders may be passed so that the men may be assigned to the two Districts before the Coffee season begins.

Sir,

In submitting a list of 15 outposts proposed by the Assistant Superintendent of Police to be situated in different parts of the District, principally amongst the Coffee Estates, I have the honor to inform you that I have gone over the list carefully with Mr. Ballard and thoroughly approve of the situations which have been well thought out.

As the outposts now suggested are very badly required I request that early sanction may be given for the same.

READ AGAIN;—

Proceedings Camp No. 268-9, dated the 9th May 1896, sanctioning the temporary retention as supernumeraries of the 50 constables of the railway Police who were thrown out on the transfer of the railway jurisdiction.

Read also:—

Letter No. 189-21, dated 16th July 1896, from the Inspector General of Police in Mysore.

With reference to Government Proceedings Camp No. 268-9, dated 9th May 1896, directing that 50 men of the Railway Police, thrown out on the transfer of the railway jurisdiction may be treated as supernumeraries until provided for, I have the honor to state that all the districts have sent in proposals for the additional men urgently required by them. Their proposals are well considered and only provide for their minimum requirements. But with all reductions made, the total additional number required by the * districts is 251.

Bangalore has not sent in a statement up to this moment.

2. Even if the full complement employed on the railway previous to transfer of jurisdiction were available, it would not suffice to meet the demand for additional police made by the districts. It is desirable that instead of frittering away the men on our hands at the rate of a few additional constables to each district, the requirements of one or two should be fully met.

3. I have, after a full consideration of the relative urgency of the different districts, decided to recommend the 50 men now available being assigned to the malnad districts of Kadur and Hassan where, owing to the difficult nature of the country and the necessity for effective measures being adopted for prevention of coffee stealing and for keeping order among the turbulent classes of coffee coolies, out-posts within easy reach are found to be necessary.

4. The Deputy Commissioner of Kadur* has sent in proposals for establishing 15 out-posts; and at the rate of 3 men for each out-post, he wants 45 constables on the whole. The Superintendent of Police of Hassan† similarly wants 6 out-posts and 18 men.

Vide copy of the Deputy Commissioner's letter No. 351, dated 26th April 1896, with statement in original.

†*Vide* copy of statement enclosed.

5. I have seen almost all the localities where the Deputy Commissioner of Kadur and the Assistant Superintendent wish to establish out-posts. I entirely agree with them regarding the necessity of each of these localities being duly protected, but as the total number available is only 50 and as the requirements of the Hassan coffee tracts are equally exigent, I would propose that 35 out of the men available be assigned to Kadur and the remaining 15 to Hassan, leaving it to the respective Deputy Commissioners to distribute the men among the out-posts in the way that may appear most suitable to them.

6. I beg that early orders may be passed so that the men may be assigned to the two districts before the coffee season begins.

No. 1494-503—J. 152, DATED, BANGALORE, 28TH JULY 1896.

ORDER THEREON.—The demand for additional police in the coffee tract is undoubted and the Government are pleased to sanction the proposals of the Inspector General of Police.
